

Date: 1st March, 2022

Dear Parents of De Paulians,

First of all let me express my sincere thanks to each and every one of you for your understanding, co-operation and support in the just concluded academic year.

Due to pandemic, Covid 19 this academic session had distracted, I do hope the coming session everything goes smoothly and a wonderful one.

Special emphasis was given to studies by providing extra coaching to those students who were weak particularly in Mathematics and Science. Additional teachers were appointed to handle tuition classes in these subjects.

Co-curricular activities were conducted throughout the academic year to develop the hidden talents of the students and also to keep them active and sharp in their intellectual pursuits. It is done keeping in mind the wise saying "An idle mind is a devil's workshop." Our students are always kept busy to avoid laziness..

This year, 40 students are appearing for the Board Examination (AISSE). Our teachers have done their best to equip them well to face this examination. I do hope and pray that all our students will do well and come out in flying colours.

In the new session there will be many interesting and innovative programmes, both curricular and co-curricular to boost up the dormant faculties of the students. The programme sheets which will be issued later will give a better idea of the same.

I also wish to inform you a few important points through this letter.

(PTO)
